

HIGHER EDUCATION GUIDE 2026/2027

**IT STARTS WITH
YOU** APPLY DIRECT
ucn.ac.uk

ACHIEVE YOUR DEGREE LOCALLY

Higher education opportunities are now even easier to access via University Centre Newbury (UCN), an employer-led partnership supported by nationally recognised qualification providers.

UCN operates from within the existing Newbury College building, supported by state-of-the-art facilities.

With a huge array of flexible learning options to suit the needs of businesses and the community, UCN delivers degrees and other higher level qualifications.

Enrolling with UCN will enable you to build your professional development with higher level education up to postgraduate level and even take advantage of higher and degree apprenticeships, without the need to relocate.

DISCLAIMER

We endeavour to offer a comprehensive range of courses to meet the needs of our community. Some courses may still be pending approval and most require minimum enrolment numbers. Certain subject areas may require further study at another institution to achieve a full degree. See ucn.ac.uk for details.

Degree programmes are delivered on-site, in partnership with:

LIGHT THE WAY WITH HIGHER AND DEGREE APPRENTICESHIPS

Higher and degree apprenticeships combine work with study and include a work-based, academic or combined qualification relevant to your industry.

Higher apprenticeships are becoming the preferred talent acquisition and development programme for the government and many employers, thanks to their many benefits. Here are reasons to consider a higher apprenticeship:

- **On-the-job training**
Vital hands-on training to help you learn the skills to perform effectively on the job.
- **Guaranteed pay**
You earn a wage throughout the programme.
- **No tuition fees**
The government and your employer cover the costs of your academic studies and on-the-job training. This means you won't owe student debts after your studies.
- **Career advancement**
Most people who complete a higher apprenticeship get a permanent job or promotion from their employer. Even if you are not recruited, the programme gives you a significant head start in your chosen industry.

Find out more about opportunities to achieve your degree locally with an apprenticeship at [ucn.ac.uk](https://www.ucn.ac.uk)

LEADERSHIP & MANAGEMENT

- Operations or Departmental Manager
